

Cumberland County Fire Departments

Agreement for Automatic Aid on all Reported Structure Fires

The purpose of this agreement is to provide improved fire protection for Cumberland County and to meet the requirements for a 9S NC Department of Insurance rating for six mile fire districts.

We the Fire Departments of Cumberland County agree to the automatic aid dispatch of fire apparatus for all reported structure fires, to assist the Fire Department whose district the incident is occurring within. A list of all roads in the county with the initial fire station and the station responsible for dispatch of automatic aid fire apparatus is on file with the Cumberland County 911 dispatch center.
